To support the, Pastors, and those who have rule over us in the spreading of the Gospel of Jesus Christ.

Recruit women both young and old to Jesus Christ and the Church Organization.

Objectives:

To adopt a pattern of Christian lifestyle that others want to emulate (both Inside and Outside the church).

To instill in women their biblical duties in the church and home.

To achieve a better understanding of how the sisterhood fits into the work of The Church of the Living God.

To afford a chance for women to exchange ideas and views among themselves.

Mission

The Sisterhood Department is a department of women whose prime purpose is to dedicate themselves to greater Christian Service. This is the training department for every facet of women's work. They are trained to be minister's wives, auxiliary leaders, prayer warriors, lovers of their husband and lovers of their God
